PERSONAL LEADERSHIP

Achieve Series - Program 1

PROGRAM INFORMATION:

Learning Goals:

- 1) Learning to lead through character rather than through coping.
- 2) Importance of Personal Leadership (PL) and the behaviours that will help shape your character.
- 3) Use the Personal Leadership competencies to showcase your work-place readiness and interpersonal skills during the interviews.

USP

- Our proprietary Visually Measurable Behaviours and Visually Applied Actions break down complex skills into simple easy to measure behaviours. This makes for easy learnability and instant translation into real life.
- Self paced.
- Highly engaging pedagogy which includes story telling, immersive games, reflection, practise and demonstration ensuring participation and learning.
- A detailed report for every participant outlining their key strength and further development areas.

Program Requirements

- Participants will need to have access to a internet enabled device - smartphone, desktop, laptop or Ipad. The program is platform agnostic.
- Participants are required to have basic english reading capabilities.
