The crucial role of human skills in an AI era

RELATIONSHIP MANAGEMENT

Achieve Series - Program 2

PROGRAM INFORMATION:

USP

- Our proprietary Visually Measurable Behaviours and Visually Applied Actions break down complex skills into simple easy to measure behaviours. This makes for easy learnability and instant translation into real life.

- Self paced.

- Highly engaging pedagogy which includes story telling, immersive games, reflection, practise and demonstration ensuring participation and learning.

- A detailed report for every participant outlining their key strength and further development areas.

Learning Goals:

1) Understand human tendencies and hone your abilities to deal with people.

2) Importance of Relationship Management (RM) and the behaviours that will help you foster relationships.

3) Use the Relationship Management competencies to showcase your interpersonal skills during interviews.

Program Requirements

- Participants will need to have access to a internet enabled device – smartphone, desktop, laptop or Ipad. The program is platform agnostic.

- Participants are required to have basic english reading capabilities.
