- | | |
|-----------------------------|------------------|
| 1. Breakthrough Thinking | 6. Strategy |
| 2. Informational Processing | 7. Multi-Tasking |
| 3. Leading People | 4. Risk Taking |
| 5. Managing Performance | 8. Ownership |

STRATEGIC THINKING & EXECUTION

SKILLS FOR CXO'S &
SENIOR LEADERS

Apply structured thinking using our proprietary 6 Step VAA Framework to effectively strategize and navigate the complexities of today's business environment and lead your organization toward sustainable success

1. Identify problems and opportunities by analysing the available information.
2. Identify variables, collect data and determine the objectives to formulate actions .
3. Analyse various action plans to explore possible strategies.
4. Develop a clear action by determining the steps, tasks, and resource allocation.
5. Visualise & delegate roles to begin implementation.
6. Implement the strategy and evaluate results.

STRATEGIC THINKING & EXECUTION

SKILLS FOR CXO'S &
SENIOR LEADERS

Learning Methodology:

- Apply strategic thinking using a 6-step Visually Applied Actions framework to navigate the unknown effectively
- Immersive learning to drive measurable change through a strategic mindset to challenge, interpret, make decisions, and align through effective collaboration.
- Strategy based sessions to visualize, plan, lead, and make best of the resources available to execute strategies efficiently and successfully
- Self-Assessment Rubric to identify strengths and weakness and take immediate and corrective actions to apply the VAA framework
